National Environment Commission

Royal Government of Bhutan

NECS/EACD/Notification/2021/1006

June 16, 2021

To,
Refer distribution list

Subject: Notification for inclusion of activity under green category

This has reference to proposals for establishment and operation of netting and production of barbed wire, chain-link fence, wire mesh, U-nail and wire nail.

Towards this, the National Environment Commission Secretariat (NECS) is pleased to notify that the establishment and operation of plant for production of above products is hereafter listed under green category of projects given its minimal impact and shall be exempted from requiring Environmental Clearance. However, the applicant(s) must fulfill and obtain approvals/clearances/ development consent from concerned agencies as required under relevant existing legislations.

This is issued in line with the decision of the 65th Environment Assessment and Technical Committee meeting held on May 19, 2021 which is made based on the authority delegated to the NECS by the 42nd National Environment Commission meeting to exempt activity with low risk on the environment from the Environmental Assessment process.

Should you have any enquiries, kindly consult the Environment Assessment and Compliance Division, NEC at 02-331160.

Sincerely,

(Phento Tshering)

DIRECTOR
